“THE COLORS”

Spaces designed and reinterpreted through colour, and a mix of craftsmanship - technology. Graffiti expands the Brick Generation family with the new 60x120cm size and ten matt-effect shades. A rich repertoire of material colours, in a brick size from which to choose your own covering, to design modern spaces. Horizontal, vertical and herringbone patterns make this series even more versatile, not only in terms of colour, but also as regards geometric and optical effects for the creation of harmonious designs.

The range offers cool tints such as White, Light Grey and Ivory for quiet, rigorous and more elegant designs, before moving on to tones such as Blue and Sky to recreate intensity, serenity and freshness. No less special are the Aquamarine and Green colours inspired by the shades of nature, and the classic Charcoal, Beige and Red colours for more urban and enveloping spaces.
